Joint Forces Command/J7

Worldwide Joint Training Conference 2004

Joint Chemical, Biological, Radiological, and Nuclear (JCBRN) Capability Improvement Initiative Team (CIIT)

31 August 2004

LtCol Preston McLaughlin
J7/Capabilities Group

Agenda

- Strategy
- Where we are
- Where we’re going
- What do we need?

Capabilities Improvement Initiative Teams

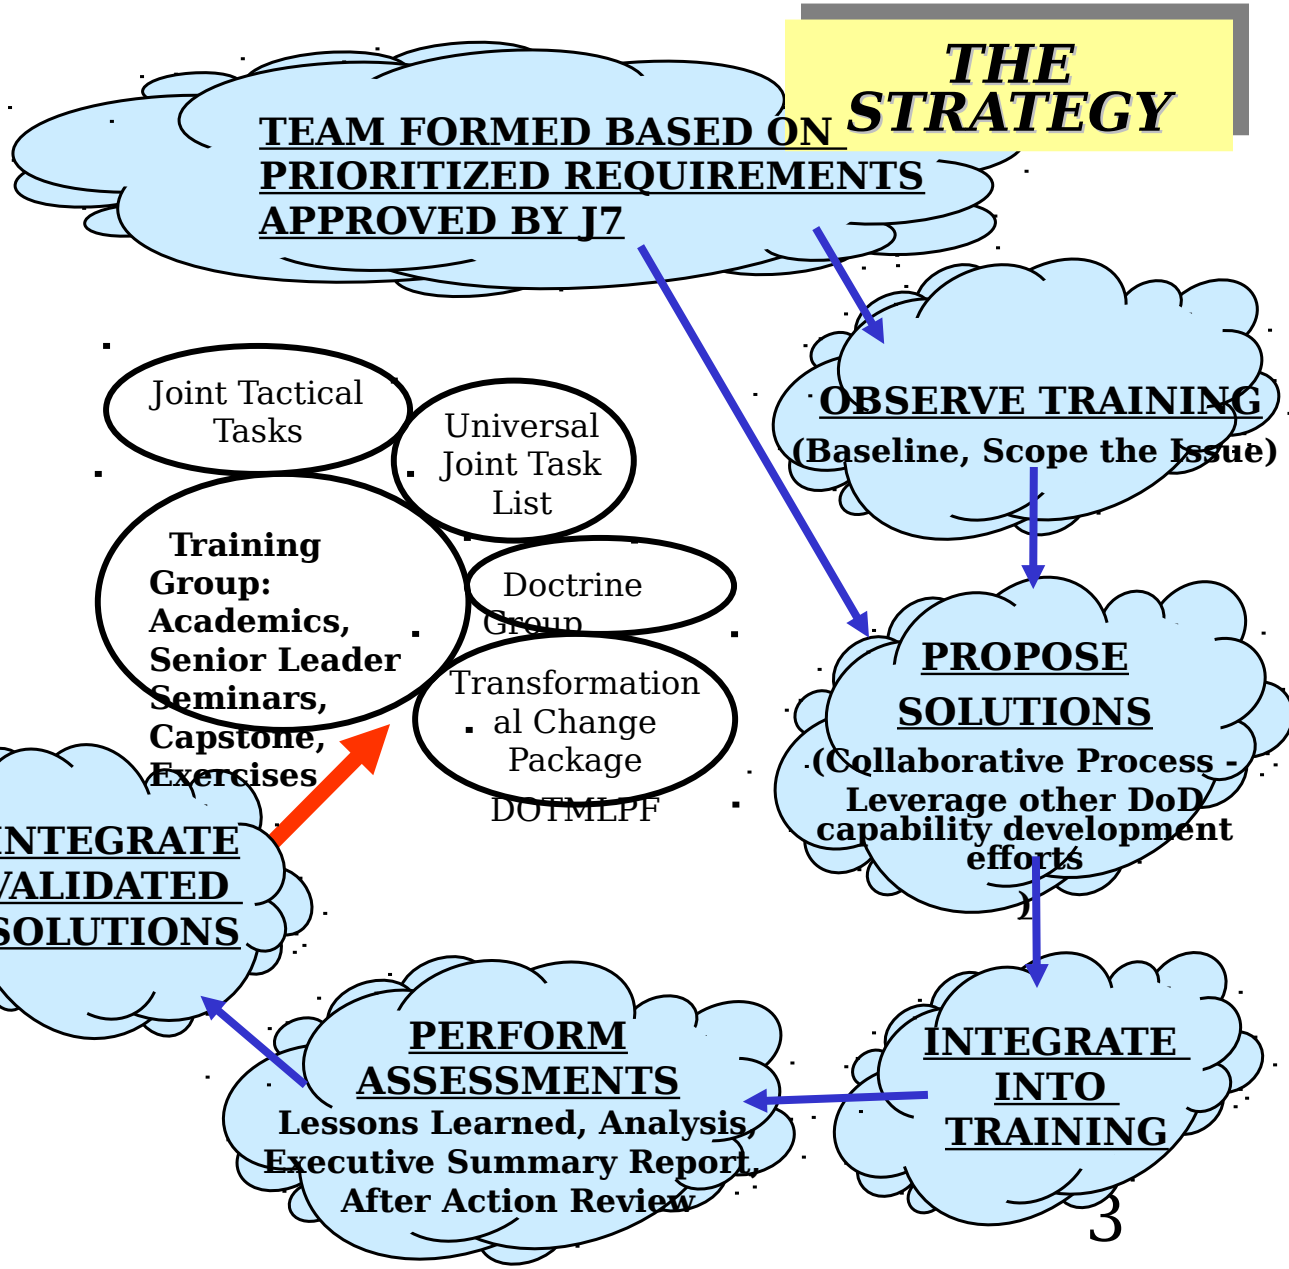
CIIT : "A group of subject matter experts and organizations with interest and responsibility in the development of a particular capability. The CIIT deliverable product becomes the means to achieve the goal of improving a joint warfighting capability."

CURRENT

Joint Chemical, Biological, Radiological, Nuclear

FUTURE

Joint C2
Information Operations
Focused Logistics
Joint Urban Ops



THE STRATEGY
TEAM FORMED BASED ON PRIORITIZED REQUIREMENTS APPROVED BY J7
OBSERVE TRAINING
(Baseline, Scope the Issue)
Joint Tactical Tasks
Universal Joint Task List
Training Group: Academics, Senior Leader Seminars, Capstone, Exercises
Doctrine Group
Transformational Change Package
DOTMLPF
PROPOSE SOLUTIONS
(Collaborative Process - Leverage other DoD capability development efforts)
INTEGRATE VALIDATED SOLUTIONS
PERFORM ASSESSMENTS
Lessons Learned, Analysis, Executive Summary Report, After Action Review
INTEGRATE INTO TRAINING

Where We Are

- March 2004: Charter signed; participated in PACOM RSOI, EUCOM AR 04
  - Staff engagement and recognition of need for organization to deal with CBRN at COCOM level
- Mid April 2004: JFCOM/JRO working group determined future schedule of exercises
- July 2004: Senior leader Officer Professional Development seminar for GO/FO (US/ROK) level in USFK
- Aug 2004: Participate in NORTHCOM DP04
  - Strategic, operational, and tactical level analysis planned
- Aug 2004: Participation in PACOM UFL exercise
  - Actual exercise play involving Bio-Operational Planning Team

Where We're Going

- Requirements
  - Bio Defense Operational Planning Team-PACOM
  - Doctrine and TTP-NORTHCOM
  - Capabilities Group R&A- COCOM feedback through surveys/questionnaires/Phase 1 JTSST trips

Where We're Going

- Training/exercise event participation
  - FY05/06: Continue baseline efforts with COCOMS; expand efforts to include SOUTHCOM, CENTCOM, and SOCOM where appropriate
  - Integration of JCBRN CIIT into JFCOM Exercise Support Teams
    - Scenario, White Cell, OPFOR, SME
  - Realistic CBRN conditions for modeling (JRO/JFCOM working COCOM M&S)- effort started in Mar 2004, to be completed in 18 months
  - Senior Leader Seminars (ongoing with NORTHCOM/PACOM) Can Be offered to Capstone, Phase III Academic
  - Initial info sharing site up on Joint Force Trainer homepage- working towards Knowledge Today J7 site

Where We're Going

- Assessments
  - Integrating with Capabilities Group database development/design effort
  - JCBRN portion of Collection Management Plans-at the FPC
  - Recommendations for Integration-upon completion of ESR/CSR
    - Begin assessment phase following UFL 04 ESR

Where We're Going

- Integration- at conclusion of Assessment
  - Emphasis currently on development of doctrine, TTP, and UJTL tasks
  - Transformational Change Package to Force Protection Functional Capabilities Board
  - Additional training events

FY05-06 Proposed Exercises

- EUCOM: Flexible Response 06; Guardian Shield 05
- NORTHCOM:Ardent Sentry/Topoff 3; Northern Edge 05
- PACOM: RSOI 05; UFL 05

Summary

- Collaborative Process to:
  - Narrow Focus
    - Identify/Prioritize Requirements
  - Determine Gaps/Seams
    - Use Various Training Venues
  - Develop Solutions
  - Assess
  - Determine Integration Venue
    - TCP
    - UJTL
    - JTT
    - Further Training
